

Project Coordinator

JNE Welding is currently looking for a full-time **Project Coordinator**. A JNE Project Coordinator supports the execution of multiple projects across the organization by providing shared coordination, tracking, and administrative support to the Project Management team. This role works across a portfolio of projects and is intended as a developmental position toward a future Project Manager role.

The primary responsibilities of this role will include:

- Support multiple Project Managers across projects based on workload priorities
- Maintain organized and accurate project documentation
- Assist with scheduling, tracking, and reporting project progress
- Coordinate communication between internal departments
- Track materials, deliveries, and procurement status
- Assist with cost tracking and preparation of billing information
- Capture meeting minutes and action items
- Support safety documentation and communication
- Identify and suggest process improvements
- Maintain confidentiality of project information
- Other duties as assigned

The ideal candidate will have the following education, experience, and qualifications:

- High school diploma (Grade 12) required.
- Basic understanding of project coordination principles.
- Ability to read drawings.
- Proficiency in Microsoft Office.
- Strong organizational and communication skills.

JNE Welding is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees. JNE offers competitive compensation, a comprehensive benefit package, onsite fitness facility, professional development opportunities, challenging work, and a commitment to continuous improvement and excellence. JNE places considerable emphasis in our hiring strategy on attitude versus pure aptitude. We continue to build a strong team that has depth in both personal leadership skills as well as industry related training and experience.
